Established since 1974, Eagan Montessori is considered one of the oldest and most well established Montessori schools and daycare centers in Dakota County.

Ann Gilman took over the school as owner and administrator 13 years ago. She started Amazing Beginnings Montessori in Inver Grove Heights in 2011 and Eagan Montessori South in 2016. She was inspired to provide "a good quality early childhood education," when she opened EMAS.

Our Schools have top accreditations, including the National Association for the Education of Young Children and Parent Aware.

Fulfilling, educational experiences are presented to infants, toddlers, and preschoolers. Children are exposed to American Sign Language and Spanish by 6 months of age. This helps with brain development.

The Montessori Method of education is well-rounded in that it targets all the main areas of development including math, language, sensorial, practical life, science and geography. Additional programs offered:

- A Summer "Bridge" accelerated learning program - runs in the summer for elementary students up to third

grade. The Montessori philosophy believes that the child should have independence and is allowed to experience the materials presented to them and progress at their own pace. We also incorporate the creative curriculum.

- SMART curriculum for children. It stands for stimulating maturity through accelerated readiness training.
- Individualized programs available

Specially formulated Montessori materials are used to help each child in the development of social skills, emotional growth and physical coordination as well as cognitive preparation.

**Open Year Round Mon.-Fri. 6:30 am – 6:00 pm. Ages 6 weeks to 6 years
with Montessori education beginning at 2 1/2 years through kindergarten**

Eagan Montessori Academy

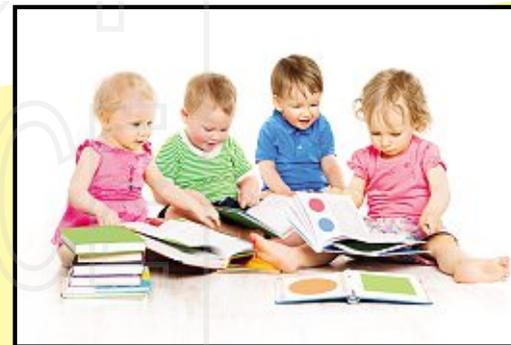

STRONG ACADEMIC PROGRAM

Children from our school enter the gifted & talented program in most elementary schools.

WHY MONTESSORI FOR MY CHILD?

It is because of the "whole child" approach. Specifically formulated Montessori materials are used to help each child in their development.

THE MONTESSORI METHOD STRESSES THAT CHILDREN LEARN AT THEIR OWN PACE.

Children experience the joy of learning which ensures the development of self esteem.
